

Business Marketing with Twitter

Build your brand with Twitter for Business

People on Twitter are looking for what's new — for great content and stories from the people, businesses, and brands that they're interested in.

The #1 reason people come to Twitter is to discover something new and interesting.

Create and share powerful stories with your followers

Create a profile

Your profile shows the world who you are, and first impressions count.

What to Tweet

Let your unique brand personality shine through with compelling content.

Twitter followers
